Data Protection – an important notice from Di Harris

It is the time of year that we submit our Data Protection Checklist to TMCP (Trustees for Methodist Church Purposes).

If any of your personal details have changed i.e. telephone number, address, e-mail, please will you let Di know.

Also, if you no longer consent to us using any of your data- as you all identified on the forms you completed at the beginning of last year - please speak to Di.

If you cannot remember what you agreed to and would like to see your form, guess what, speak to Di. The latest version of the Managing Trustees' Privacy Notice is posted on the Notice Board.

Circuit Service on Sunday 25 May 2025

This is to be held at Lindley Methodist Church, with more information nearer the time. We will announce arrangements through our notices at Sunday service.

Repairs & Maintenance – information from Hilary Turner

We now have a folder containing log sheets to record repairs and maintenance needed at church. This folder is kept on the windowsill alongside the new Accident book.

This log is to help us record and deal with any maintenance or repairs issues as they arise. If you notice anything in the church buildings or grounds in need of repair or needing maintenance please enter full details on the log sheet. This will be checked regularly and your request will be dealt with. A note of actions taken will be recorded on the sheet. Many thanks to Linda Craven who is co-ordinating the many repairs and updating needed to our church building. The next few months will see major improvements. Watch this space!

Looking back to April 2025 Another highly successful Craft Day was held on Tuesday 15th – a quiet beginning which ended up with lots of children enjoying a variety of different activities. Many thanks to the organising team.
